1. Log on the platform e-learning.medair.org

2. If you already have a user ID, log on to enter the Learning Platform.

3. If you need to get a login, click on Register to create your user ID.
5. Fill in the required field (*), tick and confirm: you will receive an email once registered.

4. Include your Medair employee number.
6. When you log in, you may have this message.

7. If so, go on Customise and control Google Chrome, then click on Settings.
8. Click on *Show advanced settings* to see more, then on *Clear Browsing data*.

9. Select the *beginning of time*, only tick *Cached images and files*, and confirm.
11. Enter the training title or keywords to find the course in the catalogue.

10. Access your current enrollments.
12. Find training available in the Medair catalogue.
13. See all the sub-catalogues available.

14. Choose one, see the courses, and select one training.
15. After clicking on the title of the desired course, click on the Enroll button.

16. Then, confirm the enrollment, and launch the course.
17. When you try to access the course documents, you may have the following error message:

![Error message](image)

18. If so, click on the *Adblock Plus* icon at the top right of the screen, then on *Options*.

19. Click on *Add your own filters* and add `lingos.netdimensions.com`.

20. Then, click on *Whitelisted domains* and do the same.
Browse Learning Catalogue

21. Find more opportunities of courses, with links to other e-learning platforms.

22. Some require a personally, created log-in.

Enjoy your learning!
